

Tennis & Social Privilege 2020 Season

Manchester Country Club is pleased to offer a Tennis & Social Privilege for the 2020 season. In addition to play on 2 professional quality clay courts, a Tennis & Social privilege holder is welcome to use the Club's restaurant facilities and attend social events. Our tennis program itself offers open play, group clinics and private lessons from our MCC pro and organized matches and tournaments. If tennis is not your primary interest, the MCC Tennis & Social Privilege offers full access to the Club for card playing and other social pursuits providing the ability to enjoy the amenities of private country club life.

Our restaurant, The Beech, offers an outdoor dining patio with picturesque views of the front nine, a casual bar area, and a formal dining space. Recently MCC added an overlook patio, complete with a fire pit, with full view of the 9th and 18th green. The Overlook is a great spot to watch some golf action while enjoying a cocktail after a tennis match or card game. For tennis players the MCC Tennis & Social Privilege offers a quality program and the bonus of a private club experience. For those with primarily social interests, the privilege provides a full access to all of our clubhouse offerings.
